TOAD PUMP OVER DEVICE

The Toad is a fluid distribution device designed to radically distribute liquids evenly over a tank's interior. Used in wine fermentation as a pump over irrigator. It's consistent coverage over the cap results in better extraction of phenolic, odor and compounds. It's 304 Stainless, durable, lightweight construction insures longevity and uninterrupted CIP service.

Smart fog[®]

SMART FOG HUMIDIFICATION SYSTEMS

Smart Fog utilizes the patented enforcement technologies to reverse the correlation effect. This causes a consistent water droplet size of 4.2 microns to be distributed and enforced into the air uniformly. All systems operate utilizing only low pressure compressed air(100psi) and any available water pressure using our fully automated ES100 System specially designed for Simple Installation & Low Maintenance for your barrel room.

CALL OR EMAIL FOR PDF'S ON BARREL ROOM EVAPORATION, WINERY BROCHURE, AND INSTALLATION MANUAL. 707/307-8250

SMART FOG CONTROL BOX

Our products have been consultatively researched to provide optimal hygiene solutions for wine production, with a consideration for workplace safety, the environment and a reduction of many operating costs. We do not manufacture any products that contain environmentally chlorine or chlorinated compounds, Sodium Hydroxide, Phosphates, Halogens, Silicates, or materials that do not readily biodegrade.

CITSANEX is a one process biocide-cleaner of stainless steel and associated surfaces with high quality rinsing properties.	5Kg	\$62.50
CLEANSKIN removes wine tartar, wine-colour film, protein and organic soil and is a multipurpose cleaner of winery stainless steel and associated surfaces whilst in aqueous solution.	5Kg	\$31.50
CLEANSKIN-K removes wine tartar, wine-colour film, protein and organic soil and is a multipurpose cleaner of winery stainless steel and associated surfaces whilst in aqueous solution.	5Kg	\$50.60
DESTAINEX removes wine-colour film, protein stains, black mould/mildew and organic soil and is a multi-purpose oxidizing cleaner of winery stainless steel, galvanized metal, concrete, HDPE/LDPE and PP plastics, glass, flexible hose, and powder-coated painted surfaces.	5Kg	\$35.50
LAB MPC removes wine-colour film, protein, black mould, mildew and most organic soils, and is a multi-purpose, effervescing, oxidizing, free rinsing cleaner of laboratory glassware, stainless steel, plastics of high and low density polyethylene(HDPE/LDPE) and polypropylene(PP), flexible hose and most "Formica/Laminex" and stainless steel bench surfaces.	5Kg	\$35.50
VINISAN is a clear, fine liquid with a mild acidic odour(concentrate). It comprises a blend of high-grade demineralised water, chelating agent, citric acid, and a food surface approved biocide of PHMB hydrochloride. Vinisan disinfects stainless steel and associated surfaces to Food Grade standard, providing broad spectrum sanitizing of bacteria, yeast and mould.	5Kg	\$73.60
WINEGLASS is a one process, dual-purpose cleaner-sanitizer of wine tasting glassware with high quality rinse properties. Wineglass is safe to use either for manual or machine glass washing.	5Kg	\$39.70
